FAMILY INFORMATION NEWSLETTER

September 3, 2024

SMALL TOWN PRIDE, BIG TIME EXCELLENCE – What sets us apart from other schools is our focus on Pride and Excellence. Please support your child in the pride of work and learning and the strive for excellence in participation and lessons completed.

LUNCH FEES – We ask all families to please complete and return your Free & Reduced lunch application form. This completed application allows the school to use the information to qualify for State and Federal programs. It also helps the family budget, as our school does not qualify for free lunches for all. If we reach a certain benchmark that the state has set, we will ALL receive free lunches. If you need the application form, it can be found on our website under Food Services or request a hard copy from Mrs. Musser to be sent home with your child. Meal prices: Student breakfast \$2.60, lunch \$3.20, milk \$.60. Funds can be placed into student accounts through the main office. Please note; it is against policy to allow charging of meals; please keep accounts current.

MICROWAVE – Due to regulations from the National Food Service Program, the microwave in the kitchen will no longer be available for student use.

CONNECTIONS - Connections between school and home, along with regular attendance, are two of the most important components for student success. Please communicate often and regularly with your child's teacher. Email, phone calls, and written notes, are all appropriate ways to communicate between home and school. Teachers also require folders/binders to travel from school to home, and back to school daily.

These folders/binders have vital and important information for your student to succeed. Please check your child's backpack, folders, and binders daily. IT IS IMPORTANT! We also have a Centerville PTC FaceBook page. If you are not a current "friend" send a request and an administrator will accept. We also love connecting with family members like grandparents and aunties! Our website has accurate email addresses or call 509-773-4893.

VOLLEYBALL - Coach Dove is ready to accept all 5th - 8th grade girls for the 2023 Volleyball season.

Information packets went home at Open House. Practice BEGINS TODAY! There's still time to participate. Student athletes will have their first game on Tuesday, September 19 at home with Trout Lake. Come cheer on your Lady Tigers!

ASB – Associated Student Body Organization – ASB Advisor, Mrs. Olson, has membership applications available. Applications and Dues for 2024 – 2025 leadership association are due by September 20. Questions can go to your 4th – 8th grade student or Mrs. Olson.

CHOICE TRANSFER/OUT OF DISTRICT APPROVAL – If your child is a Choice Transfer student (outside of Centerville District), please complete a Choice Transfer Request online through centervilleschool.org, Parents drop-down, Choice Transfer Link.

SKYWARD ACCESS – Every family has access to your child's student information account to see lunch funds. Once your child is in 5 – 8 grade, you can access their gradebook. If you have questions on how to access your child's account, please reach out to your child's teacher or Mrs. Musser.
